

## Anhang 5

The screenshot shows the MOLVIS website interface. At the top, there is a header with the LMU logo, the text 'LUDWIG-MAXIMILIANS-UNIVERSITÄT MÜNCHEN', and 'MOLVIS - Molekülvisualisierungen'. Below this is a navigation bar with a home icon, a left arrow, 'NUKLEOBASEN I', and a right arrow. The main content area is titled 'Die Nucleobasen I' and contains a red warning message: '<< Flash Animation fehlt noch! >>'. Below the warning are two columns. The left column is titled 'Purin' and shows a ball-and-stick model of a purine molecule. The right column is titled 'Pyrimidin' and shows a ball-and-stick model of a pyrimidine molecule. Both models are labeled 'JSmol' and have a checked checkbox for 'H-Atome'.
